

# INDEX-TRIBUNE

SONOMA, SEPT. 24, 1898.

H. H. GRANICE - EDITOR

Elsewhere in these columns will be found the figures furnished by Engineer Von Geldern, which covers the entire cost of a municipal water system, the bonds for the construction of which will be voted upon on Monday, October 24th. These bonds, which will bear interest at the rate of five per cent., will amount to \$15,000, the interest upon which will be but \$750 per annum. As it is safe to assume that the city's income from the sale of water will amount to at least \$1200 or \$1500 per annum, using the existing private rates as a basis, it can readily be seen that the bonding proposition will prove a paying investment for the taxpayers of this town right from the word go.

As there will be no expensive pumping plant to be maintained this income of \$1200 or \$1500 will be almost net profit, and very little expense will be attached to running the plant, if we except the salary of a collector. In addition to this the city would have an ample supply of water for fire, sprinkling and irrigating purposes gratis. The people would be protected from the Fire Fiend, insurance rates would come down, filthy ditches could be flushed, epidemics averted, the public plaza and private gardens beautified and, what is more, the city will make money on the investment in the bargain.

The Sonoma Electric Light Company commenced furnishing light to subscribers on the 15th inst. Almost every business house in town is now or will be lit up in the course of another week. Quite a number of private dwellings have also been wired and are being lighted by the company, notably among these being the residences of Mrs. S. T. Enos, F. Clewe, Mrs. D. Duhring, Dr. H. H. Davis, F. T. Duhring, J. Fochetti, H. H. Granice, Benj. Weed and many others. All the churches, Presentation Convent, hotels, lodges and residences are also being lighted for lights. The City Trustees have also decided to light up all the principal streets. The introduction of electric light in this town is the forerunner of a municipal ownership of water works and other improvements, the kickers to the contrary notwithstanding.

The transport China arrived in San Francisco harbor from the Philippine Islands last Thursday morning and with it came Senator Philippo Agnello and Senator Jose Lopez, commissioners representing Aguinaldo, the insurgent leader, who is vested with considerable ability for one of his race and who has referred to himself as a modern George Washington. After visiting the National Capitol and interviewing President McKinley and his Cabinet these commissioners will go to Paris to plead the cause of independence for the Islands before the Peace Commission.

A vote in favor of the water proposition is a vote in favor of the prosperity of Sonoma.

# THE WATER QUESTION

## PLANS ADOPTED BY THE CITY TRUSTEES

To Furnish Sonoma With an Abundant Supply of Water for Fire and Domestic Purposes.

A proposition for bonding the town in the sum of \$15,000 for a municipal system of water works will be submitted to the people on Monday, October 24th.

The plans and specifications, which have been accepted by the City Trustees, were submitted to them by Mr. Otto Von Geldern, an experienced civil engineer of San Francisco. This proposition contemplates the utilizing of the immense artesian water supply in the northern part of town, which will afford an ample quantity of pure, fresh water for fire and domestic purposes. The cost of such a plant and distributing system is estimated by Engineer Von Geldern as follows:

| SUPPLY PLANT.   |             |

## THE TRUSTEES MEET IN REGULAR SESSION

And Transact Business for the City—Sewer Question Comes up Again.

The City Council met in regular session last Wednesday evening. The entire Board was present, but very little new business was taken up.

The bill of R. A. Poppe for \$50 for making assessments, which was laid over at the last regular meeting on account of the assessment roll being incomplete, was ordered paid.

The next matter taken up was the bill of \$96, due H. H. Granice for city printing. This bill was presented to the Board several months ago and from meeting to meeting has been laid over owing to the lack of funds and to the fact that there has been some senseless kicking against a just claim. The Board will meet in adjourned session Monday evening, when this matter will be taken up and finally settled.

Upon motion of Trustee Davis, seconded by Trustee Hartin, the City Tax Collector was ordered to make the usual legal publication in regard to the taxes.

The Street Committee reported as to the condition of the bridges, there being four in need of repairs, which are to be overhauled economically and as soon as possible. The question of cleaning the streets of large rocks and all rubbish was also favored, but no action was taken owing to the lack of funds.

The attention of the Board was again called to the filthy condition of the sewers by a complaint from C. F. Leiding, who demurred to the imperfect drainage in the neighborhood of his property. After considerable discussion it was decided that the Board, as a committee of the whole, visit the Leiding property and make inspections. They will also inspect the Weyl property and take further steps toward remedying the condition of the Spain street ditch.

The lighting of the streets by electric lights was next fully discussed. Upon motion of Trustee Davis, seconded by Trustee Harris, it was ordered that lights be placed on every other pole around the Plaza and two on First-street West, leading to the depot.

Commencing October 1st, 1898, "The San Francisco DAILY EVENING and SUNDAY MORNING BULLETIN," and the SONOMA INDEX-TRIBUNE" will be delivered by carrier to subscribers. Fifty Cents per Month for both papers.

# COUNTY TAX RATE. BIG RAILWAY

IT WILL BE \$1.45 FOR STATE AND COUNTY PURPOSES.

Sonoma Valley High School Tax is 11 Cents on the \$100 of Valuation.

The Supervisors met at the Court House, Santa Rosa, last Monday for the purpose of fixing the tax rate for the ensuing fiscal year. After some discussion the rate was fixed as follows:

|                    |            |
|--------------------|------------|
| County School..... | 21.5 cents |
| Bond.....          | 3.2 "      |
| General Fund.....  | 3.0 "      |
| Indigent.....      | 7.5 "      |
| Road.....          | 3.4 "      |

This makes the state and county rate combined \$1.45 on the \$100, which is a reduction from last year.

Rates in school districts were determined as follows:

Fulton, bonds, 15 cents; Sonoma Valley Union High School, Dunbar, Enterprise, Flowery, Glen Ellen, Huichica, San Luis, Sonoma and Wattenough, 11 cents each; Cloverdale Union High School, Alder, Glen, Cloverdale, Icaria, Washington, 16 cents each; Healdsburg High School, 32 cents; Merritt, bonds, 33 cents; Court House, 24 cents; Court House, bonds, 20 cents; Litton, bonds, 14 cents; Grant, bonds, 21 cents; Ink, special, 80 cents.

## The Y. M. I. Thanksgiving Eve Ball.

The Young Men's Institute of Sonoma will give their annual ball at Union Hall this year on Thanksgiving eve. Park's Orchestra of Santa Rosa has been engaged for the occasion and the hall will be brilliantly lighted with twenty incandescent electric lights. It is the intention of the members to make this ball the event of the season.

# MUNICIPAL AFFAIRS.

## POLITICAL POINTERS. PERSONAL AND SOCIAL.

And Other Matters of Interest to the General Reader.

D. E. McKinlay of Santa Rosa addressed the Republicans of St. Helena last Thursday evening on behalf of the State ticket.

Robt. Poppe, Republican nominee for State Senator, returned last Sunday, after a very successful two-weeks' campaigning, trip on the coast.

W. J. Hotchkiss has resigned as the Democratic nominee for State Senator of this district, owing to urgent business, which calls him East. The vacancy on the ticket has been filled by the nomination of Hon. J. C. Sims of Santa Rosa.

Hon. T. B. Hutchinson of Napa will address the people of Sonoma next Saturday evening at Union Hall. The County Candidates will also be present and there will be vocal music by the Republican Glee Club and Ladies' Quartette of Sonoma.

The Political Outlook is the title of a new Republican newspaper which has made its appearance in Petaluma. It is published by A. M. Adams and is strictly a party organ. "Brother Adams, we wish you success in your new venture and trust that the Outlook has a long and prosperous career before it."

Emmet Seawell, the bright young District Attorney of this county, has decided to accept the Democratic and Populistic nomination for Congress in the First Congressional District. Mr. Seawell is one of the most popular Democrats in old Sonoma. He was born in Napa county thirty-four years ago and is a prominent Native Son.

Under the head of "Political Announcements" Judge J. M. Cheney, Republican nominee for Justice of the Peace of Sonoma Township, agrees if elected to try all cases from the northern end of the township in Glen Ellen or Kenwood. Judge Cheney has held the office in this place for many years and has always been fair and impartial in his rulings and decisions on all cases tried before him.

M. D. Goshen, Democratic nominee for County Treasurer, was in town Thursday making the acquaintance of our people. Mr. Goshen is one of Petaluma's oldest and most respected merchants. He has been in business in that city for over a quarter of a century and enjoys the confidence and esteem of his fellow townsmen. This is the first time he has ever run for office, but for all that, as he has been nominated by his party, he is out campaigning for votes like an old hand.

E. F. Woodward, Republican nominee for County Treasurer, will visit our people shortly to renew old acquaintances and make new ones. Mr. Woodward, who is the present incumbent, if tradition counts for anything is entitled to another term. He has served the people faithfully and well the past four years and in no better way can the people testify their appreciation of an honest and capable official than by electing him to the office for another term. Politics has nothing to do with the office of County Treasurer. He has no political plums to dispense in the way of deputyships, and if one had to feed out of the political crib of the office he would starve to death. This being so, there can be no reason why voters, regardless of party ties, cannot cast their ballots for a man who has served them so faithfully the past four years. A vote for Mr. Woodward is a vote for the honest administration of county affairs.

## Birthday Party.

Little Miss Emily Poppe, dressed in pink organdy, received her young friends and relatives at her parent's home on the corner of Napa street and Second-street. East last Wednesday afternoon, in honor of the fifth anniversary of her birth. This affair was a delightful one to all those who were present, as the afternoon was wiled away by the playing of games, following the many pretty gifts and partaking of delicious ice cream and cake, candy, nuts and fruit. It was nearing 6 o'clock ere this happy gathering broke up, wishing the pretty young hostess many happy returns of the day. Those present were Emily Poppe, Bernice Small, Ramona Granice, Anita Breitenbach, Gertrude Breitenbach, Bernice Hocker, Gladys Small, Nancy Bates, Lester Small, Julius Poppe, Ruth Poppe, Ray Poppe, Gordonker, Nellie Sullivan and Marie Clewe.

## Dredger Nevada to go to Stockton.

Fred Smith, the well-known engineer of the Pacific Land and Reclamation Company, was a guest at the Jones ranch several days this week. He will leave for Stockton in a few days with the steamer "Santa Monica," which will tow the dredger Nevada to that city. Both crafts have been tied up in Sonoma Creek, opposite the Jones ranch, for several months.

Items of a personal and social nature are thankfully received at this office.

Mrs. F. H. Dewey spent last Saturday in the metropolis.

Miss May Estes has returned to her home in San Francisco.

Mrs. Otto Muser is spending a few days on her ranch near town.

Miss Emily Walliser is slowly improving from her recent illness.

Thos. Erskine returned Sunday evening from a business trip to the metropolis.

## A Great Zoological Garden.

The Zoological Society of New York propose to construct what will probably be the finest zoological garden in the world in Bronx Park, New York, and under the direction of the executive committee the city expects to open the gardens to the public in a satisfactory way on May 1st, 1899. While the work is progressing with all due rapidity and zeal, the old and well approved plan of relieving billiousness and constipation through the beneficent agency of Hostetter's Stomach Bitters finds general recognition. This excellent family medicine is a safeguard against malaria and rheumatism, and removes indigestion and nervousness. It invigorates the system through the medium of improved digestion and appetite, fortifies it against disease, and counteracts the effects of over-exercise and mental or physical fatigue. A wingless angel before retiring engenders health yielding and strength giving sleep. Let it have the persistent and systematic treatment it deserves.
